 - Mohammed Mousa, Site Manager of Dufferin Aggregates
 - Kevin Mitchell, Director of Environment and Planning
 - Jessica Ferri, Manager of Policy and Planning
- Facilitators: Strategy Corp
 - John Matheson
 - Alicia Sinclair

Dufferin Aggregates is committed to the CLC to obtain your input and listen to your concerns.

- CLC Members Roundtable
 - Why did you join the CLC?
 - What concerns you may have with the pit and/or previous owners?
 - What do you expect out of this process?

Dufferin Aggregates is committed to having a CLC for the life of the Teedon Pit. New approvals will be topics also discussed at the CLC until decisions are made by approval agencies.

Existing Teedon Pit

All approvals (MNR/County/Township) are in place to operate the pit.

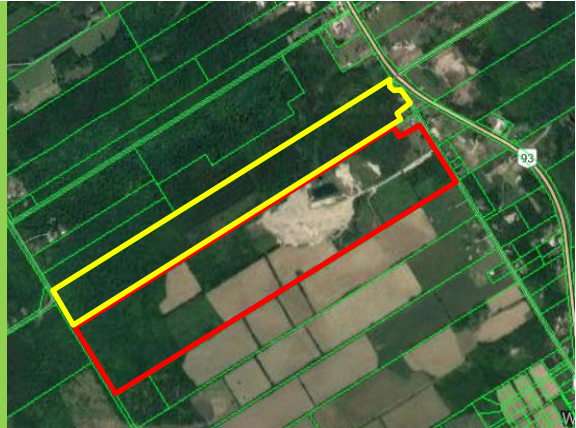

Process 1:
Renewal PTTW

Approval process ongoing for PTTW renewal and extension lands.

Process 2:

Progressive Rehabilitation

Milton Quarry

Former Brown Pit

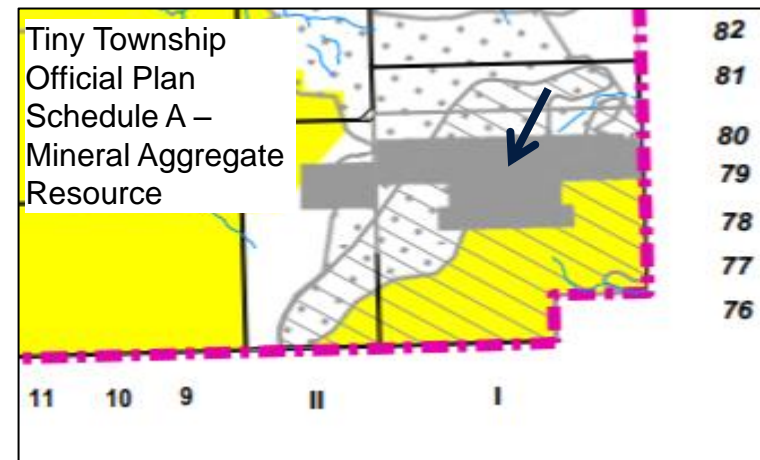

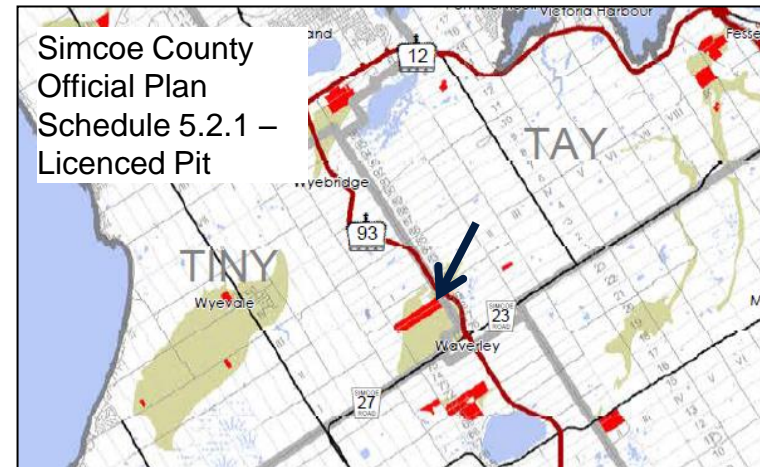

Mill Creek Pit

Mosport Pit

Teedon Pit

- Dufferin acquired the Teedon Pit in May 2017 as a result of purchasing K J Beamish
- The site is licensed under the Aggregate Resources Act
- Licensed area: 85.45 ha
- Area to be extracted: 76.39 ha
- Maximum annual tonnage limit: 600,000 tonnes
- The Teedon Pit is identified in the County of Simcoe Official Plan, Township of Tiny Official Plan and Zoning by-law as an approved land use.

CLCs are one way that Dufferin engages with the communities where it operates

- Provide, encourage and facilitate two-way communication.
- Committee members are encouraged to share information with other community stakeholders, as well as bring feedback and comments from the community to the meetings.
- Committee members suggest topics of discussion at meetings, based on their interests and needs and topics will be selected by consensus.
- Dufferin will bring in staff and/or specialists to discuss each topic as required.

Meetings will take place at a date and time agreed upon by Committee members.

Meeting Protocol

- A third-party facilitator will moderate the CAP meetings; minutes will be taken by a member of the facilitation team; meetings will also be digitally recorded to help prepare the minutes and they will be deleted once the minutes are approved. These recordings will not be publically available.
- CLC members will have an opportunity to contribute to the content of the agenda.
- Meetings are open to the public to a maximum of 6 people. Those who wish to attend will be public observers and must pre-register with Dufferin Aggregates prior to the meeting and will be accepted on a first come, first serve basis.
- All meeting materials, including minutes, agendas, PowerPoint presentations, Terms of Reference and others will be considered draft until approved by the CLC and will be posted on Dufferin Aggregates website.

Next Steps

- Future meeting:
 - Potential Dates (April 2 or April 3 or April 4)
 - Potential Time (am, afternoon, evening)
- Next meeting topic:
 - Suggestion – Permit to Take Water Renewal Application

Dufferin Aggregates

A division of CRH Canada Group Inc.
